

Tutorial 13: Autocorrelation, Fixed Effects, and Causal Inference Techniques

Jan Vogler (jan.vogler@duke.edu)

November 6, 2015

Today's Agenda

1. Autocorrelation
2. Fixed-effects regression
3. Spatial lag models
4. Differences-in-differences
5. Regression discontinuity designs

1. Autocorrelation

2. Fixed-effects regression

3. Spatial lag models

4. Differences-in-differences

5. Regression discontinuity designs

Remember

```
fun = c("R", "is", "fun")  
paste(fun, collapse = " ")
```

```
## [1] "R is fun"
```
